Ref: **STIP AMENDMENT 04S-021**

The Contra Costa Transportation Authority (CCTA), City/County Association of Governments of San Mateo County (C/CAG), and the Santa Clara Valley Transportation Authority (VTA) are requesting the California Transportation Commission (Commission) approve this State Transportation Improvement Program (STIP) amendment. This amendment was noticed at the March 2005 Commission meeting. There were no questions on the Notice, and the Commission placed the Action Item on the consent calendar for the April 2005 meeting.

CCTA, C/CAG, and VTA propose to shift a total of \$3,531,000 of Regional Improvement Program (RIP) Transportation Enhancement (TE) programming in FY 2005-06 to FY 2006-07 and FY 2007-08 on four projects (PPNOs 2011K, 2025C, 2140C and 2255B).

RECOMMENDATION

The Department of Transportation (Department) recommends approval.

BACKGROUND

This amendment will provide Contra Costa County with sufficient time to secure environmental clearance on the Delta DeAnza Trail Gap Closure project (PPNO 2011K) and the Camino Tassajara Road Bike Shoulders project (PPNO 2025C). The environmental clearances have proven more complex due to the DeAnza Trail project crossing a state highway and safety concerns with the Camino Tassajara project.

The request to delay the RIP TE Reserves in San Mateo County (PPNO 2140C) and Santa Clara County (PPNO 2255B) will provide for the public input and permitting processes, which often require long-lead times. VTA and San Mateo C/CAG intend to begin countywide project selection processes for the TE reserve in late 2005. Moving the FY 2005-06 RIP TE Reserve to later years will align the funding more closely with the delivery of the selected projects.

RESOLUTION

Resolved, that the California Transportation Commission revise the 2004 State Transportation Improvement Program at the end of the 30-day notice period as follows:
